To the Citizens of Camden County:

The Camden County Senior Citizens Service Fund Board is proud to submit our Annual Report for the 2019 fiscal year. The Board thanks the citizens for establishing the Senior Fund in 1991 in recognition of the need for public financial assistance to our senior populations. We are grateful for the opportunity to provide grants to Camden County service providers. Through the use of existing agencies in serving seniors, administrative expenditures have been held to less than one half percent.

The Board partnered with 17 different service providers in 2021 to provide in-home services, transportation, food and nutrition, healthcare services and exercise for almost 16,000 seniors.

We acknowledge and thank the citizens of Camden County for supplying funds for the seniors citizens of Camden County.

Our Mission will continue to assist Camden County residents to remain living independently in their home, and to maintain and enhance their quality of life.

Jim Rogers, Chair

Camden County Senior Citizens' Services Fund

2021 Annual Report

Our Mission:

To assist Camden County senior citizens to remain in their homes for as long as they can safely do so and to “provide programs which will improve the health, nutrition, and quality of life of persons who are sixty years of age or older”.
